Investment Suitability Policy

Purpose

Advisors must ensure every recommendation is suitable for the client's investment profile. The policy is governed by FINRA Rule 2111 and Regulation Best Interest.

Investment Profile

The investment profile includes age, income, net worth, investment objectives, risk tolerance, time horizon and liquidity needs. Profiles must be refreshed every 36 months or after a major life event.

Complex Products

Leveraged ETFs, structured notes and private placements are complex products. They may only be recommended to clients with a risk tolerance of aggressive and require supervisory approval before the order is placed.
